VOLUME XVII

THE CLEARFIELD PROGRESS, CLEARFIELD, PA. FRIDAY EVENING, JANUARY 26, 1923.

STATE SHOULD MAINTAIN THE PENFIELD ROAD

PINCHOT COMMANDS
STATE POLICE TO
GET BOOTLEGGERSCalled All Captains and
Lieutenants Into Capital
Yesterday to Give
Personal Instructions.

DRY SQUAD MADE

Harrisburg, Pa., Jan. 26.—Governor Pinchot's prohibition enforcement was under way today. Captain Herbert Smith of the State Police, who was recently recalled to Troop "A" of Greensburg, will take charge of a Special Prohibition Squad of State Troopers as field forces leading the campaign in the bootleg cleanup.

All State Police Captains and Lieutenants were summoned here yesterday to receive final instructions from the Governor.

Mindful of his promise "to drive bootleggers out of the State" the Governor was understood to be prepared to use every resource at his disposal to make the drive more definite.

"We are going to make every effort State Marshall Adams stated, "to arrest all bootleggers, large and small, black or white, rich or poor. We will produce them in court with sufficient evidence to convict."

EIGHT ARRESTED IN
NEW YORK CHARGED
WITH BEING K. K. K.

New York, N. Y., Jan. 26.—Eight men accused in Court of being members of the Ku Klux Klan were held without bail today following their arrest as they were leaving a meeting held in a Brooklyn Traffic Court Room early this morning.

John P. Collins, a chauffeur was charged with possessing a blackjack while Alfred Parks, a dancing instructor was held on a charge of violating the liquor law. All the others were held on charges of being suspicious characters.

A robe alleged to be that of the Ku Klux Klan, embroidered as are those of that organization, but with the letters "K. L." on the hood was exhibited in Court.

FAIRBANKS THROWS
DOWN GAUNTLET TO
"CZAR" BILL HAYS

Los Angeles, Jan. 26.—Formation of a new organization of independent movie stars to oppose the interest of Wm. H. Hays was proposed by Douglas Fairbanks in a statement today.

Fairbanks said among those who are eligible to join his organization are Mary Pickford, his wife, Charles Chaplin, Harold Lloyd and Charles Ray.

His statement included an expression from the friends of the movie world indicating that the noted artists should now have their own organization and are preparing to engage and battle the Hays concern.

Fairbanks bemoans the lack of art in picture production, and said "That most of the big trusts and art are total strangers." "It will be a fight to the finish with them when I get my organization under way," he declared. He said Hays is not the moral chaperon of the movies.

London, Jan. 26.—Three Irish rebels were executed at Kings County, Ireland today.

RUHR CIVIL AUTHORITIES PUNISHED
FOR OUTBREAKS AGAINST THE FRENCH

Essen, Jan. 26.—France today ordered her steel ring around the Ruhr hermetically sealed as punishment for outbreaks of violence against French troops in various parts yesterday and last night.

No fuel whatever is to be permitted to pass from the mines of the Ruhr valley to German sources outside. Simultaneously French guns, tanks and machine guns struck a war-like attitude about Essen and Dusseldorf where the people show signs of physical resistance to the invasion.

Paris, Jan. 26.—The Allied Reparation Commission today rejected the German appeal for a moratorium by a vote of three to one and proclaimed Germany in general default of reparation. American Observer Boyden did not speak.

General Weygand, Marshal Foch's chief of staff, held a meeting today with commanders of the army of occupation and it was definitely noted (Continued On Page Two.)

Intermediate Pupils Of
Susquehanna College
Give Elegant Concert

A well filled auditorium greeted the intermediate pupils of the Susquehanna College of Music last evening in the annual midyear recital.

The violin, piano and cello departments of the college were drawn from the evening's entertainment and the talent was of such a nature that everyone was pleased to the utmost.

The program follows:

Piano—Merry Christmas Waltz

Alice Ralston

Piano—In Gay Colors

Anthony Gladys Forsyth

Violin—Wee Bit O' Heart

Shikret Albert Adams

Piano—Dorothy (Old English Dance)

Seymore Smith

Piano—Sweet Dreams

Dellafield Emma Spackman

Violin—Forets' Whispers

Lasey Evelyn Pilkington

Piano—Petite Polka Caprice

Dellafield Isobel Rogers

Piano—Scarf Dance

Chaminade Pauline Fleck

Cello—Serenade Bodine

Gabriel-Marie Beasie Baker

Piano—Barchetta

Nevro Marion Dole

Violin—Bolero

Bohn Catherine Bigler

Piano—Scarf Dance

Chaminade Marjorie Bange

Violin—Indian Lament

Kreiser Sarah Louise Heisey

Piano—Poupee Valsante

BASKETBALL RACE
IS SPIRITED IN
SCHOOL LEAGUEFour Teams, C.H.S. One
of Them, Tie For First
Place; Somebody Must
Topple Tonight.

C. H. S. BROOKVILLE

The N. W. P. I. A. League's fourth week of play finds four teams tied for high percentage honors, Clearfield, DuBois, Brookville and New Bethlehem, with Punxsy and Reynoldsville trailing in the order named. This evening's contests over the league circuit will bring about some changes in the relative standing of the clubs that will go far in determining the five who will be the final contenders for the pennant.

Of the four leaders, Clearfield and New Bethlehem play abroad, meeting Brookville and DuBois respectively, while Punxsy and Reynoldsville will journey to Reynoldsville. DuBois and Brookville besides being two of the strongest quintets in the conference, have the edge on their invading rivals in this evening's clashes by virtue of the home floor, which will give both squads a big advantage.

Ways To Dope Any Team Winner.

Inasmuch as each top-rung squad has suffered a reverse, the various contests are the subject of much speculation as to why this team or that, team should or should not win. DuBois started the season by sweeping Clearfield off her feet in a one-sided game at DuBois. Punxsy lost by a small margin at New Bethlehem, and Brookville just nosed out Reynoldsville 21 to 18 at Reynoldsville. According to these scores, the county metropolis passers looked to be about "the class." However, on the following week-end, Punxsy upset the dope by defeating DuBois in a close game at Punxsy, while Clearfield, still playing an indifferent type of game, were held down to a five-point win over Reynoldsville at the Red and Black gym. Brookville continued to win, defeating the Nubies in a fairly close game at Brookville. By these results, Punxsy's stock jumped sky-high and Brookville's followers were confident of their terrors' prowess. Last Friday's games brought on some still more surprising scores, when the local five, displaying the best form shown since the league opened, completely outclassed the strong Punxsy dribblers 38 to 13, and DuBois conquered the speedy Brookville all-star outfit 39 to 25. Clearfield's guarding system was so close that the visitors were held to the lowest score of any team since the league's organization while the winners' total was mounting above 33, the tally DuBois registered against the county seaters.

C. H. S. To Have Strong Foe.

Coach Reed has been whipping his charges into the best possible condition, but has not been able to dodge the jinx. At least half of the varsity players have been under the weather with the grippe during the past six days, and although in the pink of condition as far as training goes, are

ATTORNEY WOODWARD, IN SPEECH, SHOWS
ROTARIANS THAT PENFIELD ROAD WOULD
BE A GREAT BENEFIT TO THE WHOLE STATE

The members of Clearfield Rotary Club, who attended the weekly meeting at the Hotel Jordan, listened to a delightful five minute talk by Rev. C. P. Bastian, of Berlin, Pa., who has charge of the Boys Work movement in the Lutheran church, and who also addressed a large audience at St. John's church last evening. Rev. Bastian spoke on "Character Building" and stressed the importance of proper training for the boy.

Distance From Clearfield To Buffalo Would Be
Only 180 Miles Over This Route And Route
From Clearfield To St. Marys Would Be Cut
From 73 To 36 Miles.

DIRECT ROUTE BUFFALO TO BEDFORD

Penfield Road, Which Was Originally On The
Sprout County Seat Connecting Plan, Runs
Through Twenty Thousand Acre Tract Of
State Forest.

THRU NURSERY AND GAME PRESERVE

The Clearfield, Elk and Cameron State Highway Department and Improved Road Association formed a joint committee for the purpose of having the road between Clearfield and Emporium across the mountain via Penfield, replaced upon the original Sprout county seat to seat road system is hard at work on their project.

Such a road will open a convenient outlet for the people of the northern part of the state to get out to the field county) to Emporium (county seat of Cameron county). The original Sprout act contemplated a state road from county seat to seat of adjoining counties and in addition certain other leading highways.

There was in some way omitted from that act a state road leading from Clearfield (county seat of Clearfield county) to Emporium (county seat of Cameron county). The original Sprout act contemplated a state road from county seat to seat of adjoining counties and in addition certain other leading highways.

The organization was founded at St. Marys, Elk county on October 4, 1922 and is now made up of the following officers: President, B. C. Mulhern, Elk county; secretary, Wm. E. Matthews, Elk county; secretary, Hon. C. J. Goodnough, J. Raymond Klees, Cameron county, A. E. Leitzinger, L. C. Norris, Clearfield county, and J. E. Jackson, Elk county.

At a subsequent meeting on Oct. 19, 1922, the following committees were named:

Executive Committee.—B. C. Mulhern, Elk county, chairman; Wm. E. Matthews, Elk county, secretary; Hon. C. J. Goodnough, J. Raymond Klees, Cameron county, A. E. Leitzinger, L. C. Norris, Clearfield county, and J. E. Jackson, Elk county.

Legislative Committee.—(Three from each county.) Cameron county: Hon. C. J. Goodnough, Josiah Howard and J. Raymond Klees. Clearfield county: A. H. Woodward, E. W. Hess and James P. O'Laughlin. Elk county: B. C. Mulhern, Hon. John M. Flynn and J. E. Jackson.

Following that meeting Chairman Leitzinger named the following local committees for Clearfield county:—A. E. Leitzinger, chairman; L. C. Norris, secretary; Charles T. Kurtz, A. H. Woodward, A. D. Bigler, J. Paul Frantz.

Publicity Committee.—J. D. Connelly of The Progress; John F. Short of the Republican, and M. L. McQuown, of the Raftsmen's Journal.

The different committees have since been hard at work on the proposition and have had prepared the following outline map of the proposed north central route which shows, at a glance the advantage of same to a large part of the people of the state and making the distance between Clearfield and Buffalo but 180 miles. The necessary act to make the action possible.

The map of the proposed route is published herewith.

Secretary L. C. Norris left for Harrisburg today and with the members of the General Executive Committee from the other counties will devote the next couple of days to lining up legislators in support of the proposed legislation.

There will be no effort made to have the road improved, all that is being asked is that the route be replaced on the original Sprout plan and the road taken over by the

Tom Sims SAYS---

Even if you can look at a woman and tell her age you had better not. Young folks never hate to face the music if it is jazz music.

All you have to do to go to sleep is try to stay awake.

Two divided by one equals divorce. If your wife finds poker chips in your pocket tell her they are milk bottle tops.

It is better to laugh your head off than to worry yourself to death.

The honeymoon is over when she asks him for money and he says "About how little will do?"

Women want the last word, especially the last word in clothes.

Sometimes it looks as if they tax everything except their judgment.

A bachelor's main troubles are that he has no wife to blame for his troubles.

Throwing cold water on a project always dampens the enthusiasm.

Buying trousers to match a coat and vest is getting more difficult every year.

It isn't so very hard for a skinny girl to be modest.

Our objection to radio is they are all party lines.

An open mind is all right if your mouth isn't that way.

IMPROVEMENT OF TWELVE MILE

(Continued From Page One)

Clearfield to Penfield has always been one of the main highways. When at all passable it is much traveled.

This mountain road is not kept up for the reason that it cannot be kept up on money realized or that can be realized from taxation in the township of Pine. This is because the state owns so much of said township and the amount of tax that can be contributed by the state on account of forestry lands.

This road is vitally important to

the state. a. Because it will furnish access to Kennedy Park Game Refuge and to the State Forestry Reserve, matters of great interest to the citizens of Pennsylvania.

b. Because it will be a great protection to the state forestry lands in case of large forest fires threatening same. As it is now for much of the time it would be impossible to get to the fire to readily reach by automobile from Clearfield the scene of said fire. With a good road the forestry reserve will be much safer in case of fire because fire fighters can in 30 or 45 minutes be taken to the scene of fire. Under present conditions it will require an hour or two to reach any fire with trucks.

The state owes the duty of maintenance of the Clearfield-Penfield road because by its legislation and its purchase of so much of the land in Pine township it has made it impossible to keep up and maintain the public road aforesaid in the ordinary way, viz: by taxation.

The loads on the proposed highway are all opened and in use. Road from 4 miles on Clearfield side of Penfield to St. Marys has been and is in good condition. \$10,000 will make a good road of the balance through Pine and Lawrence townships. Thereafter maintenance charges would not be heavy.

An intelligent idea of the importance of this road to the state, by reason of its serving the Forestry Department and its nursery, the State Game Refuge and state forests, can be gained by a perusal of the following facts concerning these important state propositions:—

State lands—Pine township, 20,000 acres; Huston, 3,000 acres; Pike, 3,000 acres; Lawrence, 6,000; Girard and Goshen, 28,000 acres.

State Game Reserve, 3,300 acres.

State Nursery, 9 acres, with a capacity of 5,000,000 seedlings yearly. Present inventory shows 8,000,000 growing young trees.

This nursery fronts the Penfield road, as does the game refuge and Kennedy Park. The game keeper who maintains a register at his home at the top of the mountain had no less than 3,000 visitors register there during the summer months last year when the road was travelable, while 2200 more put their names in the register's book at the fire tower on half mile beyond. This too, when but a small percentage of those traveling this beautiful scenic route stopped to visit at the game keeper's cottage.

BASKETBALL RACE

(Continued From Page One)

not up to their usual physical fitness. Stiff, regulation game, lengthened scrummages, and individual instruction on the fine points that make the finished player have featured the

practices this week. Both variety and scrubs have improved noticeably, especially the short, swift, high pass of the regulars being effective against the reserves. However, it will take some wonderful passing to defeat the Brookville boys, who have not lost a home game since 1920. "Turkey" Robinson, the colored athlete, and "Blondy" Swindell are the stars of the Jefferson county seater's coming machine, both players running up five baskets against Dulles in Dulles' week.

Dulles should defeat New York when, and judging from the first game played against the local, Reynoldsville through their deadly long distance shots, will probably take Pennsylvania's measure.

Phillipsburg High Here Tomorrow. Phillipsburg's varsity basketball team will visit the local gym tomorrow evening, and are determined to make up for the drubbing the locals inflicted on them at Phillipsburg a week ago.

Attorney Woodward

(Continued From Page One)

route was so important that the road over the mountain was laid out as a state road by Act of Assembly enacted in 1863, and urged the Club to get solidly behind the present movement for its restoration to the present comprehensive plan of state roads.

Ruhr Civil Authorities

(Continued From Page One)

The French are here to stay, not for months, but for years if necessary.

Belin, Jan. 26.—Chief of Police Kulz, Police Director Warmas and Police Commissioner Under, all of Mavert, where rioting occurred Wednesday night, were ordered expelled together with their families for failure to stop anti-French demonstrations.

London, Jan. 26.—Great Britain regards the Ruhr situation as serious and Premier Bonar Law is understood to have recommended withdrawal of troops.

The cabinet met today once more to consider withdrawal, and only the desire to avoid a further split in the cabinet with France prevents the immediate order to the effect that the troops come home.

To Clean Cold Lace.

To clean cold lace, crumple a piece of bread without salt and mix with enough jeweler's rouge to color it. Rub this on the lace with a piece of flannel and finish with a piece of velvet.

Nothing New.

An old girl's face existed only in her mind until it was put out until she was old.

LIQUOR INTERESTS APPARENTLY AFTER ANDERSON'S HIDE

New York, Jan. 26.—Sufficient evidence to warrant continued inquiry into the charges of irregular handling of funds of the anti-saloon league by W. H. Anderson, New York State Superintendent of the league has been obtained, according to Assistant District Attorney Pecora.

Pecora stated today it was too early to state whether the evidence would warrant presentation of the case to the Grand Jury.

Anderson and Dr. Geo. Moore, Sec-

retary of the league are to appear this afternoon when the inquiry will be continued. Pecora stated

Vicarious.

Busy Business Man (after standing for a quarter of an hour at the telephone, critically behind his hand to his clerk): "Here you, William, take the receiver for a while. My wife's got a lot to say to me still. You don't have to answer anything. Only whenever she says 'Are you still there, Henry?' you say very nicely, 'Certainly, my dear Jane.'"

May Have Known of Lead Pencils. A manuscript of Theophrastus attributed to the Thirteenth century shows evidence of having been ruled with something that might have been a black lead pencil.

John Rainey, who was hurt at the Penelec mine on Monday morning, is improving very slowly at his home on River street.

ODDS AND ENDS AND THINGS

By J. D. C.

He is only a poor bedraggled hobo dog, but he romped into the affections of a lot of Clearfield kiddos the past couple of months or since he turned up in Clearfield and attempted to get friendly with every person he met on the streets. He took an "special interest in the boys and girls who attend Junior High and while he accompanied them to school every morning and was waiting for them at noon with joyous barks and much tail wagging he did so out of pure delight at their companionship and dog-like was satisfied with this privilege, never thinking the friendships thus formed would stand him in stead at some time when a "feller needs a friend."

But "Old Hobo" builded better than he knew and when The Progress came out Wednesday evening telling of the coming of the state dog catches to Clearfield intent on "mopping up" all vagrant and other dogs running at large, about a dozen of the youngsters, who seemed to appreciate the hobo dog's efforts to be friendly, banded together at noon yesterday, pooled their resources and visiting the office of County Treasurer Rumberger and planking down the required \$1.10 secured a license tag which was attached to the dog's collar with fitting ceremony and now the hobo is able to look every man squarely in the eye, be he "dog snatcher" or no.

Mentality at least equivalent to that of a child of twelve would be a requisite to marriage in Oregon under the terms of a bill introduced in the lower house of the Legislature by Mrs. C. B. Simmons, Portland club woman and Representative of Multnomah county.

The bill requires all applicants for marriage licenses to submit to a physical and mental examination. The physical examination must indicate freedom from communicable or contagious diseases. The State Board of Health would be required to formulate rules and regulations for such physical and mental examinations, which are to be made by competent physicians for a fee of not more than 250 each.

In case of dissatisfaction with the findings of the examining physician and appeal may be taken to the County Court, which would employ experts to consider the appeal.

Failure to pass the required examination would preclude the issuance of license to marry unless one or both parties submitted to sterilization.

Next to Father Time himself, fat is the great enemy of woman, for it is unbecomful. Why is it that fat is ugly? Who told man not to like it? Who whispered to woman that to be fat is to lose her place in the procession of the race? Again Nature, whispering her insistent words in the language of instinct, inarticulate words without form, but full of meaning and power. But science, her interpreter, tells us that fat is a sign of age, an indication of decline that comes on insidiously as time drains away vitality; a diminution of the speed and vividness of body metabolism which permits half-dead tissue to accumulate in the eddies in the tissues unswept by rapid body currents. Fat, we find, is evidence of lack of ambition to be active enough to burn it up. Fat is the prophet of the deterioration and disease that travel in time's train, the precursors of disability and death. Fat is a promise of myocoritis, diabetes, high-blood pressure and the presenile escorts of the great reaper.—C. Ward Crampton, M. D., in the "Health Builder."

Aside From That She's All Right. A negro woman employed by a family on Prospect avenue was explaining to a neighbor what a good job she has and sought say something pleasant about her mistress. "She's the best natured lady in the world when she's well," the servant said, "but she's sick all the time."—Pittsburgh City Star.

Wanted His Orders Direct. A rather quaint yarn concerns a certain general officer who was so misguided as to take his son with him as aid. The well-meaning young man, delivering an order to an artillery brigadier, who was feeling a bit lightheaded that morning, unwittingly said: "If you please, my father wants you to move your guns to so and so." "Very well, my boy," replied the brigadier. "Now run along and see what your mother wants done!"

Earth's Energy. An eminent physicist has estimated that the power developed by a million Niagaras in a million years would not equal the energy expended by the earth in a single second as it circles around the sun. And yet so perfect is the mechanism that, flying around its axis at an equatorial speed of more than a thousand miles an hour, and around its orbit at more than 1,100 miles a minute, all the mundane influences of which astronomers know could not change the length of its day as much as a second in a hundred years.

Chime and Chimes. It is no "positively incorrect" to use the word chimes. "We have heard the chimes of St. Martin's Master Shallow, ever so many times," said the "Chimes of Buzza" in an expression that has been not correctly enough, too, a thousand times.

A Hot Chocolate And A Sandwich

That's a great lunch for you these afternoons when you are shopping and feel the need of something that will tide you over until supertime. We always have several kinds of sandwiches and the hot chocolates we are serving are making a reputation for us.

THE PROPOSED "NORTHERN CENTRAL ROUTE"

Only about ten miles of well nigh impassible mountain road stands between the linking up of all the northern central counties and the Buffalo and Olean territory with the William Penn Highway and the Lincoln Highway.

It is hardly believable that this route has been overlooked for so long. It is as direct as any road in this state can be and comes straight down across the state from Buffalo, N. Y., to Bedford, where it joins the Lincoln Highway.

Get out a map of Pennsylvania and lay a ruler or straight-edge from Port Allegheny in McKean County to Bedford on the Lincoln Highway and see how near to a straight line it is in preference to the present used route.

The drawing shows quite plainly the great amount of already improved highway. Of the proposed route it would be necessary for the state to widen and re-construct only about ten miles of mountain road, as the balance is already in very good condition and would require only maintenance.

The desirability of this cross-state route was fully recognized by the legislature as early as 1863, when that body named it a state highway.

Again, when Governor Sproul as a State Senator laid out what is known as the Sproul system of highways connecting county seats, that far-seeing business man, specified this route. Why it was changed is another story, but as a result of that change travelers from Philadelphia, Baltimore and all points east and south, are traveling a distance of seventy-three miles from Clearfield to St. Marys, whereas had the original route been retained the distance would be only thirty-six miles.

The bad end of the proposed route leads through Pine township, 20,000 of whose 23,000 acres is state owned land, used for state forests, forest nursery, game preserves, etc. It has less than a dozen taxable citizens and only three thousand acres of taxable land and therefore no revenues accrue out of which the road could be built or maintained. The large amount of state land there would make it seem only right that the state look after its road.

It should seem to be in the line of conservation to do so. The state has thousands of dollars invested there. The roads are in such shape that at times trucks and other vehicles which are used to carry fire fighters and other state laborers, can not get through. Great expense is incurred in the carrying on of the state's business by reason of the transportation difficulties.

The fact that the adoption of this route by the state would cut about thirty-seven miles off the distance between Clearfield and St. Marys for travelers east and west and north and south through the state, that it would afford better protection to the state forests, that it would restore the original intent of the framers of the scheme of state roads to connect up county seats and that practically the only cost to the state would be maintenance, we believe warrants this route being adopted as a state highway.

We recognize that the condition of the state's finances will not permit of any road building not now on the program for completion during the coming two years, during which time we believe that the capable administration at Harrisburg will have things in such shape that more construction work can be undertaken.

The purpose of the present undertaking is to have this route recognized as sufficiently important to the people of the state to warrant the commonwealth adopting it and eventually maintaining it as an aid to transportation and a safeguard to the wonderful forestry plant it reaches.

Better in the Trenches
Walter—The two soldiers' table d'hote, sir? Take my advice, and don't you touch it. I've stood the food here for close on twenty years but it's got me beat at last and I'm resigning, sir. Parrrin! the disadvantage of an in no experienced writer would be a 'healthier meal in the trenches any day of the week, sir—A. S. S. S. S. S.

Heart Beats Individualistic
An English scientist has been there is an individual in heart beats affecting the handwriting to such a degree that it can be identified when the writing is magnified.

Was First in Ser.
Charlemagne was the first person to assume the name of Charlemagne.

Kellogg's Bran gives permanent relief because it is ALL BRAN!

Every member of your family will enjoy better health—eat better, work better, sleep better—if they eat Kellogg's Bran regularly. Its natural, positive work for health is actually a blessing to humanity! Kellogg's gives permanent relief from constipation because it is ALL BRAN! It is scientifically prepared to relieve suffering humanity from constipation.
Kellogg's Bran cleans and purifies the drainage channel; it clears away toxic poisons and frees you from the ravages of such dread diseases as Bright's disease, etc., as well as sick headaches, rheumatism and mental and physical depression. A week's trial of this great natural food will prove that its work for health is wonderful!
Consider Kellogg's Bran as a food. It is not a laxative nor a medicine. Bran is the outer coating of whole wheat and contains such nourishing factors as mineral salts and other elements vital in sustaining life.
Kellogg's Bran is cooked and all ready to eat. It is delightful as a cereal, or sprinkled over your favorite hot or cold cereal. Another good way to eat it is to cook or mix it with a hot cereal. In preparation, all two tablespoonfuls of Bran for each person.
Delicious bakery batches are made with Kellogg's Bran. Recipes are printed on each package.
DO TWO THINGS—1. Eat Kellogg's Bran each day for permanent relief from constipation and be certain to eat at least two tablespoonfuls, in chronic cases, with each meal.
First-class hotels, clubs and restaurants serve Kellogg's Bran in their vital packages. Ask for it at your restaurant. All grocers.

ANGEL DRINK MAKING GOOD

From the very outset ANGEL DRINK has been good with Clearfield folks because of its sheer goodness. There is no chocolate and the malted milk mixed with the pure pasteurized milk and the combination has made an almost instant hit.

Folks are buying ANGEL DRINK from the wagons, they are drinking it at the fountains, they are appreciating it from every angle.

Have you tried it yet?

NEWS OF OUR NEIGHBORS

CURWENSVILLE

Ovid Price, a son of Amos Price and about 21 years, and residing near Bloomington, died Wednesday after a six week's illness from typhoid fever.

A number of local Masons from this place are in Williamsport this week attending a Consistory meeting and taking degrees of the order up to the 5th.

The educational instructors employed in the different departments of the borough public schools, certainly have their hands full of work this week, it being the time of mid-year examinations.

Wm. Twist, Sr. a conductor on T. & C. branch of P. R. R. and Hugh J. Irvin went to Williamsport on Monday in a business way and while in that city became part of a number of a degree class in Masonry.

C. C. Sheney, a local minister of Baltimore, preached in the M. E. church Wednesday night. He is a brother-in-law of the late Andrew Shover and in former years was a frequent visitor to our town.

Our neighboring town of Bridgeport, will assume the activities of former years this spring and that little burg will be a lively place. Some new buildings will be erected, and with a large force of men at work on the new State Highway coming from Grapian to connect here, will boom business high above the 100 per cent. mark.

The Crescent Refractories Company pay roll must have been an immense amount yesterday, as it was noticed that it required three autos, five or six men and Chief Clark to convey the "wad" in safety to the office at the plant. Nothing like being on the safe side these times of hold-ups, etc.

A petition, humorously signed by many owners over in Easton, will be presented at meeting of borough council asking for the installation of electric street lights. The people over there will need light and they ought to have it.

A man phantasm from the throat and lungs of a genuine old, he wild has been heard by some people in the county floating over the hill top every night since last Sunday. The old timer seems to have a regular roll beaten from Naulton over the hill to the cemetery and beyond. One resident claims that two dogs chased the tree climber one night and in a battle royal, the canines were defeated and lost more hide and hair than will cover the wounds in the next six months. This is no tale, manufactured out of whole cloth, but facts.

A Statesman Set Right. Even those who pride themselves on correct speech frequently use phrases that are either "impossible" or ungrammatical. A statesman said recently that "he did not belong to a certain club." "Belong?" Certainly, he was not the property, the appendage or the attribute of the club. He should have said that he was not a member. —London Answers.

It's Waste of Worry. The effect of worry upon the internal glands has not been fully studied, though it is known, however, to cause the secretion of these glands very seriously through the sympathetic system. It thus produces an important part in producing exophthalmic goiter and a train of other ills that can only be defined when the real functions of the glands in question are more adequately studied.

"The Root of All Evil." "The love of money," said Uncle Eben, "is the root of all evil. Jes de wahn we keeps rootin' harder for money den we does for football." —Washington Evening Star.

WHAT ABOUT THE POOR IN THE POORHOUSE?

By A. Epstein, formerly director Pennsylvania Old Age Pension Commission; author, "Facing Old Age," now associate of Frank E. Hering, chairman Old Age Pension Commission, Fraternal Order of Eagles.

The problem of providing for the poor is as old as civilization, but it was not until the latter part of the sixteenth century that cities and governments on the continent of Europe began to take an interest in charitable and relief work. Up to that time, this was the sole concern of the church whose members "gave not wisely but too well," until beggary had increased to an alarming extent.

In England, parishes began to establish poorhouses with the passing of the seventeenth century. The first British law was passed in 1601 and is known as the Elizabethan Poor Law. This Act provided for the establishment of overseers of the poor for each parish, and for the care of all paupers. For three hundred years, the "Elizabethan Law" furnished the basis of England's treatment of the poor. At length the abuses that grew up under it—especially in connection with orphan children and aged dependents—aroused the humane spirit of the nation. Charles Dickens and Mrs. Robert Browning particularly emphasized the "Cry of the Children." The whole of the nineteenth century witnessed improvements, which finally culminated in the Old Age Pension law of 1908 and 1911. Now aged dependents are given the choice of going to the poorhouse or having support in their homes.

The story of the aged poor in the United States is quite analogous. The poor laws in our States are practically modeled after the old British poor law system. Indeed, many of our State provisions are still almost identical with the Elizabethan law of 1601. In such an industrial State as Pennsylvania, for instance, there has been no general revision of the laws dealing with poor relief since 1886. The poor houses in the United States are "catch-alls." Rarely are there strict regulations as to admissions and discharge of inmates. There is always a heterogeneous collection in these institutions. They include the young and the old, the feeble-minded and the epileptics, prostitutes and abandoned babes, inebriate, worn-out toilers. They are the "homes" of both the veterans of labor and the "veterans of dissipation."

The recent State commissions that have been studying the subject are unanimous that our poorhouses are inadequate, antiquated, and exceedingly costly, considering the returns. Only in rare instances do the almshouses provide real care for the sick. A great majority of the keepers in charge are utterly unfit for their positions. One sees no happy faces in our almshouses. Almost at no place is there provision made for recreation and entertainment and for the absorption of the interest of the inmates in order to keep their minds from brooding. The inmates are given

mostly coarse and unpalatable food, although the overseers themselves manage to fare somewhat better. This was shown conspicuously by a study conducted for the Pennsylvania Commission on Old Age Pensions. Some of the annual food rations provided for inmates and supervisors in one county almshouse were as follows:

	Per inmate	Per Stew.
Butter	7 1/2 lbs	30 lbs
Eggs	38	200
Chicken	1 oz.	10 lbs
Milk	23 qts	101 lbs

The number of aged protected against poverty by the pension plans of certain industrial and railroad concerns, by States and municipalities, and by fraternal and trade union associations, is negligible. This insufficiency is strikingly revealed in the report of the Pennsylvania commission, which found that the total number of pensioners of all classes (outside those receiving United States pensions) did not exceed 3 per cent of persons 65 years of age and over. That is, only 3 out of every 100 persons above three score and five years were provided with some protection against indigent old age. Yet 20 out of every 100 will be in dire need of such provision.

The poorhouse still remains the only place of refuge for the great majority of the destitute—just as it served three centuries ago. Since that time we have undergone cataclysmic changes—we have overthrown a monarch and established a free Republic; from a few million people we have grown to the most powerful nation in the world; our small villages have become populous and wealthy cities; we have seen the advantage of, and have fully exploited the steam engine, the electric current, the telegraph, the telephone, the auto

GEORGE L. LEIPOLD PASSES AWAY

George L. Leipold, member of one of Clearfield's old time well known families, who has been lying critically ill at the home of his son, Dr. F. D. Leipold, on West Front street, passed

away about 1 o'clock this morning, aged 73 years and 11 months. He is survived by his widow, one son, Dr. F. D. Leipold, one daughter, Mrs. V. N. Herbster, of Mt. Union, and one sister, Mrs. W. B. Hamilton, of Franklinville, Pa. Obituary and funeral notice tomorrow.

Telling Fresh Eggs.

To ascertain the freshness of an egg without breaking, hold it before a strong light and look directly through the shell. If the yolk appears round, and the white surrounding it clear, the chances are that the egg is fresh. Or drop it into water; if the egg sinks quickly and remains at the bottom it is in all probability fresh, but if it stands on end it is doubtful, and quite bad if it floats. The shell of a fresh egg looks dull, while that of a stale one is glossy.

The Higher the Lower.

"The Ayres occupy the street floor, I understand. Do they associate with the people in the other apartments?" "No, indeed; they consider those who live above them beneath them."

Origin of Money.

History does not tell us where the idea of money originated. The precious metals were employed in barter before the dawn of history. In the oldest ruins of civilized people bits of metals are found with an imprint of the ruler. They had banking three thousand years ago, when bills of lading were given on bricks.

Considerate Statesman.

"Of course you have your own ideas about what the government ought to do in a crisis." "Yes. But I'm not saying anything. Maybe the government will have to act so promptly there won't be time to listen to all the speeches I could make on the subject."—Washington Star.

Language of Treaties.

The archive copy of treaties is always in each of the languages of all the signatory powers, unless one language may be agreed upon as the common language. Printed copies of treaties are generally in the language of the countries doing the printing. French is generally accepted as the language of diplomacy, but it is not officially an "international language."

Gossip, Just the Same.

"De only difference wealth makes to some families," said Uncle Eben, "is a chance to gossip on a front porch instead of over de back fence."

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair into tuffly dark and lustrous almost overnight if you'll get a bottle of Sage and Sulphur Compound. It's the old famous Sage Tea Recipe, made by the addition of other ingredients, sold annually, say well-known druggists here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded have a simple way of making them, because it's so easy to use. The great hair restorer, Sage and Sulphur Compound, is a natural hair restorer, and it's so easy to use.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

Protests Against Stiff
Swollen Tortured Joints

Rheumatic Or Otherwise

Says: "When Joint-Ease Gets in—
Joint Agony Gets Out."

It was a high-class pharmacist who saw prescription after prescription fail to help hundreds of his customers to get rid of rheumatic swellings and stiff inflamed joints.

And it was this same man who asserted that a remedy could and would be compounded that would make creaky, swollen, tormented joints work with just as much smoothness as they ever did.

Now this prescription, rightly named Joint-Ease, after being tested successfully on many obstinate cases, is offered through progressive pharmacists to the millions of people who suffer from ailing joints that need limbering up.

Swollen, twingy, inflamed, stiff, pain-tormented joints are usually caused by rheumatism, but whatever the cause, Joint-Ease soaks right in, through skin and flesh and gets right to and corrects the trouble at its source.

Remember Joint-Ease is, for ailments of the joints, whether in ankle, knee, hip, elbow, shoulder, spine or finger, and when you rub it on, you may expect speedy and gratifying results.

It is now on sale at druggists every where for 60 cents a tube.

CLAFIN SISTERS WERE
BORN AT BEECH CREEK

Beech Creek, Pa., Jan. 25.—The recent editorial in the Altoona Tribune on the subject of the death in London last week of Lady Francis

Cook, formerly "Tenny" Clafin, pioneer suffragette, attracted much attention in this community, as both Lady Cook and her sister, Mrs. Bidolph Martin, were born here, while their father "Buck" Clafin kept store on the site now occupied by W. F.

Hess & Son's emporium. The elder Clafin was of New England origin, and came to Central Pennsylvania with the influx of "Yankee" woodsmen, and log-floaters, before the Civil War, and is remembered by older residents as a man of high principles and

of more than ordinary business sagacity. "Tenny" Clafin as a girl wore bobbed hair and was said to be the first girl in Clinton county to adopt this style, so popular among the early Pennsylvania Indian maidens.

Ten Great Historical Paintings

Commemorating Heroic Exploits of the United States
Navy Reproduced in Actual Colors of the Original
Paintings Will Be Issued as Supplements of the

SUNDAY PUBLIC LEDGER

Beginning January 28

The First of the Series Will Be the

"Surrender of the German High Seas Fleet"

PAINTED BY BERNARD F. GRIBBLE

ON NOVEMBER 21, 1918, the German high seas fleet surrendered to the British Grand Fleet, accompanied by the American battleship force, at a rendezvous about forty miles east of the Island, which guards the entrance to the Firth of Forth. The Grand Fleet was ranged in two parallel columns six miles apart, between which the surrendered ships proceeded and were escorted to their anchorage for internment.

THE AMERICAN battleship force occupied a position in the middle of the north line of the Grand Fleet. The English and American ships flew their battle flags; the German ships their national colors, which at sundown were lowered, never to be raised again. The painting shows Admiral Sims viewing the German ships from the deck of his flagship.

THIS SERIES of ten historical paintings was executed at the authorization of the Bureau of Navigation of the United States Navy Department by ten world-famous artists. The Public Ledger has secured the exclusive right of reproduction and distribution of these paintings, 11"x16 1/2", printed on high quality paper and suitable for framing.

The Other Nine Pictures in the Series Are

"A Task Well Done"

The Landing of the NC-4 at Plymouth

For the Bird Cage.

Attractive are new brackets of
enameled iron which may be attached
to the wall, near a window, to support
the hanging bird cage. Some of these
brackets are enameled bright yellow
to give a little yellow bird, supposed
to be a parrot, perched on the end of the
bracket arm. Bright blue brackets are
provided with blue birds. Red enameled
brackets with gay red breasted robins.

LEGION MEN FOR ATHLETICS

Wisconsin Members Plan Lively Program of Sports for the Remainder of the Winter

Wisconsin American Legionnaires expect to expand their athletic program this year to include practically every phase of sport. Plans have been started to ward a varied program that will keep the various state posts actively engaged until July.

Questions have been submitted relative to about branch of sports out each post is most actively interested in. These answers are daily pouring in. Wisconsin will endeavor to stage not only post programs but will conduct state contests open to all posts. State contests in basketball and track are already being planned. The basketball tournament will no doubt be held in March in a city yet to be selected. Footballs have been selected for the basketball tournament.

If plans go through, the outlined posts will change in boxing, contests with the results to be reported to the other contesting posts. If interest in this event is high enough the state will attempt to conduct a state tournament in the fall. At present the Wisconsin American Legionnaires are planning to hold a state football tournament in the fall.

La Societe Des 40 Hommes Et 8 Chevaux to Inject Spirit of Comradeship in Great Organization.

Establishment of a spirit of comradeship and fellowship in the American Legion is the object of La Societe des 40 Hommes et 8 Chevaux according to Edward J. Elvers, chief of the Legion of Postland, Ore., chief of the Legion de fer (president) of that organization, which is the playground society of the Legion. Elvers is perhaps the one person most responsible for the society's growth.

Born in Portland, Elvers attended the Christian Brothers college, where he was graduated in 1908. He entered the wholesale business world as a salesman. When the trouble on the Mexican border took place Elvers was a private in Company H, Third Oregon Infantry, went with his original company to Texas.

He entered the World war with the same regiment as captain of the machine gun company. Elvers arrived in France in December, 1917, and served with the First division until he returned to America in February, 1919.

The first temporary chairman of the Oregon department of the Legion Elvers was made department chairman by the first convention in 1919 and served until January 1, 1922.

He was elected chief of the...

Washington, Jan. 25—A resolution, calling on the President to convene a world peace conference, was introduced in the House today by Representative Chalmers, Republican, of Ohio. The resolution asked for an appointment of a committee of ten, five members each from the House and Senate, to urge the President to assemble the leading nations of the world to study and work out a special plan for world stabilization.

The resolution also calls on the President to formulate agenda and issue an invitation in the name of the people of the United States.

Master Kenneth Eddinger is ill with tonsillitis and la grippe.

Gossip For Tonight's Tea Table

Miss Mary Swope, Curwensville; Dr. and Mrs. Henderson, of Phillipsburg; and James Allport, of Barnesboro, attended the Stewart-Lyster wedding yesterday.

Mrs. John Barrett left today for Renova.

Mrs. D. W. McCurdy gave a dinner party at her home last evening.

Miss Mabel Buchanan is recuperating from an attack of grippe.

Mrs. George Woodson of Bellefonte is visiting Mrs. Carrie McGaughey.

Misses Marian Hile and Genevieve McJoyce are attending a house party at State this week-end.

Ralph Mahaffey is ill with grippe.

Mr. and Mrs. J. M. Fiesch of Rochester, N. Y., returned home on Wednesday after visiting friends at Clearfield and DuBois.

Vernon Caldwell, assessor of Lawrence township, made his returns to the Commissioners' office yesterday.

R. R. Silverman has returned from a trip to Indiana and Altoona.

Miss Darby, a member of the faculty of the High School, is ill with grippe.

Mrs. John Buchanan has returned from Williamsport, where she attended the funeral of a relative.

A. M. Wright, Sr., has returned from an extended business trip thru the East.

Miss Catherine Etzweiler has returned from a trip to Philadelphia.

C. O. Norris and H. J. Thompson, prominent coal business of Curwensville, transacted business at the Court House yesterday.

Mr. and Mrs. A. W. Lee, Jr., attended the Scottish Rite reception in Williamsport. Mrs. Lee went on to Philadelphia where she will spend several days.

ARTMETAL DESKS ARE ECONOMICAL

These desks are making a hit with the business man who wants the maximum of efficiency in his office. There isn't an inch of waste space in them and yet there is plenty of room for the proper conduct of any business.

Let us show you about them.

WEST SIDE BIBLE CLASSES HOLD ROUSING MEETINGS

Meetings of the two adult Bible classes of the West Side M. E. church, held in the Sunday school rooms of the church yesterday evening, witnessed the formulation of plans that will have a very significant influence on the work of the church the coming year. The classes conducted their regular sessions separately and then combined for a social hour around the banquet table in the basement, which was enjoyed by about eighty men.

Election of an executive committee to preside over the affairs of the class, with power to appoint officers and name the chairmen of all committees was the first concern of the Men's Bible class. After a great deal of discussion and many trial ballots, the following men were elected: For period of one year—P. T. Flaherty, John Boyce, Fred S. Retalic, Ralph Jordan; for period of six months—A. P. Walker, R. Freeman Smith, and Guy V. Shaw.

The secretary's report for the year showed a total attendance for the year of 3,204, an average attendance each Sunday of 61.6, and an attendance of 155 on May 2 as the record for any one session. He also reported \$975.47 as the amount handled by the class during the same time. W. H. Zeigler, Prof. O. W. Schaeffer and Percy B. Young received honorable mention for their perfect attendance during the year.

C. I. C. Bible class had about thirty members present at a rousing meeting. Reports showed the class had cleared almost \$125 on their recent supper and that the treasury was in fine shape to begin the work this class is planning in connection with the new church.

L. J. Boyce, teacher of this wide awake bunch, outlined a splendid plan he had worked out for conducting C. I. C.'s part in the new church campaign which opens Sunday. The plan called for the consolidation of personal subscriptions in a class fund and the result of its application at last night's meeting will be announced Sunday.

Mrs. C. G. Johnston's class of young ladies served a splendid luncheon at the combined social meeting of the classes and both bodies of workers voted that this method of conducting class meetings was the best yet.

It is planned to hold many similar get-togethers hereafter and it is certain these meetings will make West Side M. E. a busy place.

The Camel.
When man first saw the camel, he was so frightened at his vast size that he fled away. After a time, perceiving the meekness and gentleness of his temper, he summoned courage enough to a breach him. Soon afterwards, observing that he was an animal altogether deficient in spirit, he assumed such boldness as to put a bridle in his mouth, and to set a child to drive him. Use serves to overcome dread.—From Aesop's Fables.

Famous Hymn Credited to Saint.
A famous hymn, "The Day Is Past and Over," is believed to be a translation from the Greek and written by St. Anatolus.

Having Your Hair Dressed To Suit Your General Make-up

Every woman has a certain way in which her hair should be treated that makes her look so much better than the ordinary ways. There is a way in which it can be dressed that will improve your looks a hundred fold.

A special study of the various modes has given me an experience that is at your service. You'll be surprised at the improvement in your looks when your hair is dressed as it should be.

Drop in and let's talk it over.

Ouch! Aching Joints, Rub Rheumatic Pain

Rub Pain right out with small trial bottle of old "St. Jacobs Oil."

Rheumatism is "pain" only. Not one case in fifty requires internal treatment. Stop drugging! Rub soothing, penetrating "St. Jacobs Oil" right into your sore, stiff, aching joints, and relief comes instantly. "St. Jacobs Oil" is a harmless rheumatism liniment which never disappoints and cannot burn the skin.

Limber up! Quit complaining! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, and in just a moment you'll be free from rheumatic pain, soreness and stiffness. Don't suffer! Relief awaits you. "St. Jacobs Oil" is just as good for sciatica, neuralgia, lumbago, backache, sprains.

Bring Us That Prescription

You will find that we observe a degree of accuracy in the filling of prescriptions here that will augur well for the working out of the doctor's idea when he wrote it.

VOLUME XVII

THE CLEARFIELD PROGRESS, CLEARFIELD, PA. FRIDAY EVENING, JANUARY 26, 1923.

STATE SHOULD MAINTAIN THE PENFIELD ROAD

PINCHOT COMMANDS
STATE POLICE TO
GET BOOTLEGGERSCalled All Captains and
Lieutenants Into Capital
Yesterday to Give
Personal Instructions.

DRY SQUAD MADE

Harrisburg, Pa., Jan. 26.—Governor Pinchot's prohibition enforcement was under way today. Captain Herbert Smith of the State Police, who was recently recalled to Troop "A" of Greensburg, will take charge of a Special Prohibition Squad of State Troopers as field forces leading the campaign in the bootleg cleanup.

All State Police Captains and Lieutenants were summoned here yesterday to receive final instructions from the Governor.

Mindful of his promise "to drive bootleggers out of the State" the Governor was understood to be prepared to use every resource at his disposal to make the drive more definite.

"We are going to make every effort State Marshal Adams stated, "to arrest all bootleggers, large and small, black or white, rich or poor. We will produce them in court with sufficient evidence to convict."

EIGHT ARRESTED IN
NEW YORK CHARGED
WITH BEING K. K. K.

New York, N. Y., Jan. 26.—Eight men accused in Court of being members of the Ku Klux Klan were held without bail today following their arrest as they were leaving a meeting held in a Brooklyn Traffic Court Room early this morning.

John P. Collins, a chauffeur was charged with possessing a blackjack while Alfred Parks, a dancing instructor was held on a charge of violating the liquor law. All the others were held on charges of being suspicious characters.

A robe alleged to be that of the Ku Klux Klan, embroidered as are those of that organization, but with the letters "K. L." on the hood was exhibited in Court.

FAIRBANKS THROWS
DOWN GAUNTLET TO
"CZAR" BILL HAYS

Los Angeles, Jan. 26.—Formation of a new organization of independent movie stars to oppose the interest of Wm. H. Hays was proposed by Douglas Fairbanks in a statement today.

Fairbanks said among those who are eligible to join his organization are Mary Pickford, his wife, Charles Chaplin, Harold Lloyd and Charles Ray.

His statement included an expression from the friends of the movie world indicating that the noted artists should now have their own organization and are preparing to engage and battle the Hays concern.

Fairbanks bemoans the lack of art in picture production, and said "That most of the big trusts and art are total strangers." "It will be a fight to the finish with them when I get my organization under way," he declared. He said Hays is not the moral chaperon of the movies.

London, Jan. 26.—Three Irish rebels were executed at Kings County, Ireland today.

RUHR CIVIL AUTHORITIES PUNISHED
FOR OUTBREAKS AGAINST THE FRENCH

Essen, Jan. 26.—France today ordered her steel ring around the Ruhr hermetically sealed as punishment for outbreaks of violence against French troops in various parts yesterday and last night.

No fuel whatever is to be permitted to pass from the mines of the Ruhr valley to German sources outside. Simultaneously French guns, tanks and machine guns struck a war-like attitude about Essen and Dusseldorf where the people show signs of physical resistance to the invasion.

Paris, Jan. 26.—The Allied Reparation Commission today rejected the German appeal for a moratorium by a vote of three to one and proclaimed Germany in general default of reparation. American Observer Boyden did not speak.

General Weygand, Marshal Foch's chief of staff, held a meeting today with commanders of the army of occupation and it was definitely noted (Continued On Page Two.)

Intermediate Pupils Of
Susquehanna College
Give Elegant Concert

A well filled auditorium greeted the intermediate pupils of the Susquehanna College of Music last evening in the annual midyear recital.

The violin, piano and cello departments of the college were drawn from the evening's entertainment and the talent was of such a nature that everyone was pleased to the utmost.

The program follows:

BASKETBALL RACE
IS SPIRITED IN
SCHOOL LEAGUEFour Teams, C.H.S. One
of Them, Tie For First
Place; Somebody Must
Topple Tonight.

C. H. S. BROOKVILLE

The N. W. P. I. A. League's fourth week of play finds four teams tied for high percentage honors, Clearfield, DuBois, Brookville and New Bethlehem, with Punxsy and Reynoldsville trailing in the order named. This evening's contests over the league circuit will bring about some changes in the relative standing of the clubs that will go far in determining the two who will be the final contenders for the pennant.

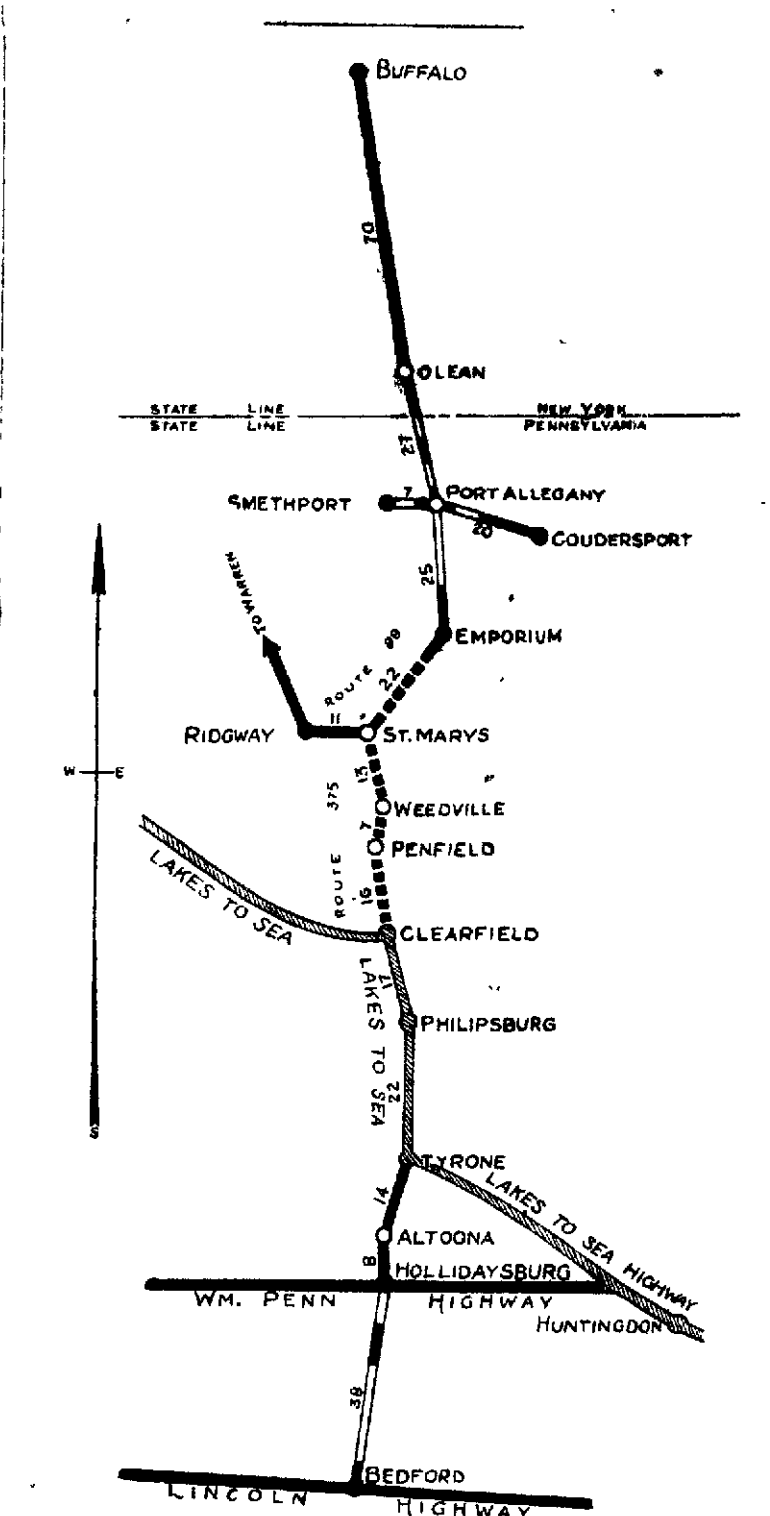

Of the four leaders, Clearfield and New Bethlehem play abroad, meeting, Brookville and DuBois respectively, while Punxsy and Reynoldsville will journey to Reynoldsville. DuBois and Brookville besides being two of the strongest quintets in the conference, have the edge on their invading rivals in this evening's clashes by virtue of the home floor, which will give both squads a big advantage.

Ways To Dope Any Team Winner.

Inasmuch as each top-rung squad has suffered a reverse, the various contests are the subject of much speculation as to why this team or that, team should or should not win. DuBois started the season by sweeping Clearfield off her feet in a one-sided game at DuBois. Punxsy lost by a small margin at New Bethlehem, and Brookville just nosed out Reynoldsville 21 to 18 at Reynoldsville. According to these scores, the county metropolis passers looked to be about "the class." However, on the following week-end, Punxsy upset the dope by defeating DuBois in a close game at Punxsy, while Clearfield, still playing an indifferent type of game, were held down to a five-point win over Reynoldsville at the Red and Black gym. Brookville continued to win, defeating the Nubies in a fairly close game at Brookville. By these results, Punxsy's stock jumped sky-high and Brookville's followers were confident of their team's prowess. Last Friday's games brought on some still more surprising scores, when the local five, displaying the best form shown since the league opened, completely outclassed the strong Punxsy team 38 to 13, and DuBois conquered the speedy Brookville all-star outfit 39 to 25. Clearfield's guarding system was so close that the visitors were held to the lowest score of any team since the league's organization while the winners' total was mounting above 33, the tally DuBois registered against the county seaters.

C. H. S. To Have Strong Foe.

Coach Reed has been whipping his charges into the best possible condition, but has not been able to dodge the jinx. At least half of the varsity players have been under the weather with the grippe during the past six days, and although in the pink of condition as far as training goes, are (Continued on Page Two)

DIRECT ROUTE BUFFALO TO BEDFORD

Penfield Road, Which Was Originally On The
Sprout County Seat Connecting Plan, Runs
Through Twenty Thousand Acre Tract Of
State Forest.

THRU NURSERY AND GAME PRESERVE

The Clearfield, Elk and Cameron State Highway Department and Improved Road Association formed a joint committee for the purpose of having the road between Clearfield and Emporium across the mountain via Penfield, replaced upon the original plan of adjoining counties and in addition certain other leading highways.

Such a road will open a convenient outlet for the people of the northern part of the state to get out to the field county) to Emporium (county seat of Cameron county). The usual Penn and Lincoln Highways, while at the same time opening an ideal north central route across the state to the New York state line and above it is proposed to have the state take over as a state highway, public road or roads as follows, to wit:

The organization was founded at St. Marys, Elk county on October 4, 1922 and is now made up of the following officers: President, B. C. Mulhern, of Elk county; secretary, William E. Matthews, of St. Marys, Pa. field, Weedville, Byrdsdale, to St. At this meeting A. E. Leitzinger, of Clearfield; J. E. Jackson, Elk, and highway route No. 99 to Emporium. Hon. C. J. Goodnough, Cameron county, were delegated to appoint a committee of seven members from each county for a permanent county organization for such county.

At a subsequent meeting on Oct. 19, 1922, the following committees were named:

Executive Committee.—B. C. Mulhern, Elk county, chairman; Wm. E. Matthews, Elk county, secretary; Hon. C. J. Goodnough, J. Raymond Klees, Cameron county, A. E. Leitzinger, L. C. Norris, Clearfield county, and J. E. Jackson, Elk county.

Legislative Committee.—(Three from each county.) Cameron county: Hon. C. J. Goodnough, Josiah Howard and J. Raymond Klees. Clearfield county: A. H. Woodward, E. W. Hess and James P. O'Laughlin. Elk county: B. C. Mulhern, Hon. John M. Flynn and J. E. Jackson.

Following that meeting Chairman Leitzinger named the following local committees for Clearfield county —

A. E. Leitzinger, chairman; L. C. Norris, secretary; Charles T. Kurtz, A. H. Woodward, A. D. Bigler, J. Paul Frantz.

Publicity Committee.—J. D. Connelly of The Progress; John F. Short of the Republican, and M. L. McQuown, of the Raftsmen's Journal.

The different committees have since been hard at work on the proposition and have had prepared the following outline map of the proposed north central route which shows at a glance the advantage of same to a large part of the people of the state and making the distance between Clearfield and Buffalo but 180 miles. The necessary act to make the action possible prepared by A. H. Woodward, Allison O. Smith and John C. Arnold will be introduced into the Legislature at Harrisburg in the near future by Hon. John M. Flynn of Elk county, and a hard fight made for its passage. The map of the proposed route is published herewith.

Secretary L. C. Norris left for Harrisburg today and with the members of the General Executive Committee from the other counties will devote the next couple of days to lining up legislators in support of the proposed legislation.

There will be no effort made to have the road improved, all that is being asked is that the route be replaced on the original Sprout plan and the road taken over by the

The route across the mountain from (Continued on Page 2).

Tom Sims SAYS---

Even if you can look at a woman and tell her age you had better not. Young folks never hate to face the music if it is jazz music.

All you have to do to go to sleep is try to stay awake.

Two divided by one equals divorce. If your wife finds poker chips in your pocket tell her they are milk bottle tops.

It is better to laugh your head off than to worry yourself to death.

The honeymoon is over when she asks him for money and he says "About how little will do?"

Women want the last word, especially the last word in clothes.

Sometimes it looks as if they tax everything except their judgment.

A bachelor's main troubles are that he has no wife to blame for his troubles.

Throwing cold water on a project always dampens the enthusiasm.

Buying trousers to match a coat and vest is getting more difficult every year.

It isn't so very hard for a skinny girl to be modest.

Our objection to radio is they are all party lines.

An open mind is all right if your mouth isn't that way.

IMPROVEMENT OF TWELVE MILE

(Continued From Page One)

Clearfield to Penfield has always been one of the main highways. When at all passable it is much traveled.

This mountain road is not kept up for the reason that it cannot be kept up on money realized or that can be realized from taxation in the township of Pine. This is because the state owns so much of said township and the amount of tax that can be contributed by the state on account of forestry lands.

This road is vitally important to

the state. a. Because it will furnish access to Kennedy Park Game Refuge and to the State Forestry Reserve, matters of great interest to the citizens of Pennsylvania.

b. Because it will be a great protection to the state forestry lands in case of large forest fires threatening same. As it is now for much of the time it would be impossible to reach the forest fire to readily reach by automobile from Clearfield the scene of said fire. With a good road the forestry reserve will be much safer in case of fire because fire fighters can in 30 or 45 minutes be taken to the scene of fire. Under present conditions it will require an hour or two to reach any fire with trucks.

The state owes the duty of maintenance of the Clearfield-Penfield road because by its legislation and its purchase of so much of the land in Pine township it has made it impossible to keep up and maintain the public road aforesaid in the ordinary way, viz: by taxation.

The loads on the proposed highway are all opened and in use. Road from 4 miles on Clearfield side of Penfield to St. Marys has been and is in good condition. \$10,000 will make a good road of the balance through Pine and Lawrence townships. Thereafter maintenance charges would not be heavy.

An intelligent idea of the importance of this road to the state, by reason of its serving the Forestry Department and its nursery, the State Game Refuge and state forests, can be gained by a perusal of the following facts concerning these important state propositions:—

State lands—Pine township, 20,000 acres; Huston, 3,000 acres; Pike, 3,000 acres; Lawrence, 6,000; Girard and Goshen, 28,000 acres.

State Game Reserve, 3,300 acres.

State Nursery, 9 acres, with a capacity of 5,000,000 seedlings annually. Present inventory shows 8,000,000 growing young trees.

This nursery fronts the Penfield road, as does the game refuge and Kennedy Park. The game keeper who maintains a register at his home at the top of the mountain had no less than 3,000 visitors register there during the summer months last year when the road was travelable, while 2200 more put their names in the register's book at the fire tower on half mile beyond. This too, when but a small percentage of those traveling this beautiful scenic route stopped to visit at the game keeper's cottage.

BASKETBALL RACE

(Continued From Page One)

not up to their usual physical fitness. Stiff, regulation game, lengthened scrummages, and individual instruction on the fine points that make the finished player have featured the

practices this week. Both variety and scrubs have improved noticeably, especially the short, swift, high pass of the regulars being effective against the reserves. However, it will take some wonderful passing to defeat the Brookville boys, who have not lost a home game since 1920. "Turkey" Robinson, the colored athlete, and "Blondy" Swindell are the stars of the Jefferson county seater's coming machine, both players running up five baskets against Dulles in Dulles' last week.

Dulles should defeat New York when, and judging from the first game played against the local, Reynoldsville through their deadly long distance shots, will probably take Pennsylvania's measure.

Phillipsburg High Here Tomorrow. Phillipsburg's varsity basketball team will visit the local gym tomorrow evening, and are determined to make up for the drubbing the locals inflicted on them at Phillipsburg a week ago.

Attorney Woodward

(Continued From Page One)

route was so important that the road over the mountain was laid out as a state road by Act of Assembly enacted in 1863, and urged the Club to get solidly behind the present movement for its restoration to the present comprehensive plan of state road.

Ruhr Civil Authorities

(Continued From Page One)

The French are here to stay, not for months, but for years if necessary.

Belin, Jan. 26.—Chief of Police Kulz, Police Director Warmas and Police Commissioner Under, all of Mavert, where rioting occurred Wednesday night, were ordered expelled together with their families for failure to stop anti-French demonstrations.

London, Jan. 26.—Great Britain regards the Ruhr situation as serious and Premier Bonar Law is understood to have recommended withdrawal of troops.

The cabinet met today once more to consider withdrawal, and only the desire to avoid a further split in the cabinet with France prevents the immediate order to the effect that the troops come home.

To Clean Cold Lace.

To clean cold lace, crumble a piece of bread without crust and mix with enough jeweler's rouge to color it. Rub this on the lace with a piece of flannel and finish with a piece of velvet.

Nothing New.

An old girl's face existed only in her mind until it was nothing new, and she was out until it was old.

LIQUOR INTERESTS APPARENTLY AFTER ANDERSON'S HIDE

New York, Jan. 26.—Sufficient evidence to warrant continued inquiry into the charges of irregular handling of funds of the anti-saloon league by W. H. Anderson, New York State Superintendent of the league has been obtained, according to Assistant District Attorney Pecora.

Pecora stated today it was too early to state whether the evidence would warrant presentation of the case to the Grand Jury.

Anderson and Dr. Geo. Moore, Sec-

retary of the league are to appear this afternoon when the inquiry will be continued. Pecora stated

Vicarious.

Busy Business Man (after standing for a quarter of an hour at the telephone, critically behind his hand to his clerk): "Here you, William, take the receiver for a while. My wife's got a lot to say to me still. You don't have to answer anything. Only whenever she says 'Are you still there, Henry?' you say very nicely, 'Certainly, my dear Jane.'"

May Have Known of Lead Pencils. A manuscript of Theophrastus attributed to the Thirteenth century shows evidence of having been ruled with something that might have been a black lead pencil.

John Rainey, who was hurt at the Penelec mine on Monday morning, is improving very slowly at his home on River street.

ODDS AND ENDS AND THINGS

By J. D. C.

He is only a poor bedraggled hobo dog, but he romped into the affections of a lot of Clearfield kiddos the past couple of months or since he turned up in Clearfield and attempted to get friendly with every person he met on the streets. He took an "special interest in the boys and girls who attend Junior High and while he accompanied them to school every morning and was waiting for them at noon with joyous barks and much tail wagging he did so out of pure delight at their companionship and dog-like was satisfied with this privilege, never thinking the friendships thus formed would stand him in stead at some time when a "feller needs a friend."

But "Old Hobo" builded better than he knew and when The Progress came out Wednesday evening telling of the coming of the state dog catches to Clearfield intent on "mopping up" all vagrant and other dogs running at large, about a dozen of the youngsters, who seemed to appreciate the hobo dog's efforts to be friendly, banded together at noon yesterday, pooled their resources and visiting the office of County Treasurer Rumberger and planking down the required \$1.10 secured a license tag which was attached to the dog's collar with fitting ceremony and now the hobo is able to look every man squarely in the eye, be he "dog snatcher" or no.

Mentality at least equivalent to that of a child of twelve would be a requisite to marriage in Oregon under the terms of a bill introduced in the lower house of the Legislature by Mrs. C. B. Simmons, Portland club woman and Representative of Multnomah county.

The bill requires all applicants for marriage licenses to submit to a physical and mental examination. The physical examination must indicate freedom from communicable or contagious diseases. The State Board of Health would be required to formulate rules and regulations for such physical and mental examinations, which are to be made by competent physicians for a fee of not more than 250 each.

In case of dissatisfaction with the findings of the examining physician and appeal may be taken to the County Court, which would employ experts to consider the appeal.

Failure to pass the required examination would preclude the issuance of license to marry unless one or both parties submitted to sterilization.

Next to Father Time himself, fat is the great enemy of woman, for it is unbecomful. Why is it that fat is ugly? Who told man not to like it? Who whispered to woman that to be fat is to lose her place in the procession of the race? Again Nature, whispering her insistent words in the language of instinct, inarticulate words without form, but full of meaning and power. But science, her interpreter, tells us that fat is a sign of age, an indication of decline that comes on insidiously as time drains away vitality; a diminution of the speed and vividness of body metabolism which permits half-dead tissue to accumulate in the eddies in the tissues unswept by rapid body currents. Fat, we find, is evidence of lack of ambition to be active enough to burn it up. Fat is the prophet of the deterioration and disease that travel in time's train, the precursors of disability and death. Fat is a promise of myocoritis, diabetes, high-blood pressure and the presenile escorts of the great reaper.—C. Ward Crampton, M. D., in the "Health Builder."

Aside From That She's All Right. A negro woman employed by a family on Prospect avenue was explaining to a neighbor what a good job she has and sought say something pleasant about her mistress. "She's the best natured lady in the world when she's well," the servant said, "but she's sick all the time."—Pittsburgh City Star.

LEGAL

NOTICE
Notice is hereby given that application has been made to The Public Service Commission of the Commonwealth of Pennsylvania, under the provisions of the Public Service Company Law, by Penn Public Service Corporation for a certificate of Public Convenience evidencing the Commission's requisite approval of a contract between Penn Public Service Corporation and the Borough of Lumbur City, Clearfield County, Pennsylvania, for lighting the streets, alley highways and public places of said Borough.

A public hearing upon this application will be held in the Commission Building, 112 Market Street, Harrisburg, Pa., on the 8th day of February, 1923, at 9:30 o'clock A. M., when and where all persons in interest may appear and be heard, if they so desire.

DAVID I. McCAHILL,
Attorney for Petitioner 1/26/21ch

NOTICE
Notice is hereby given that application has been made to The Public Service Commission of the Commonwealth of Pennsylvania, under the provisions of the Public Service Company Law, by Penn Public Service Corporation for a certificate of Public Convenience evidencing the Commission's requisite approval of a contract ordinance of the Borough of Lumbur City, Clearfield County, Pennsylvania, granting a franchise to said Penn Public Service Corporation.

A public hearing upon this application will be held in the Commission Building, 112 Market Street, Harrisburg, Pa., on the 8th day of February, 1923, at 9:30 o'clock A. M., when and where all persons in interest may appear and be heard, if they so desire.

DAVID I. McCAHILL,
Attorney for Petitioner. 1/26/21ch

Wanted His Orders Direct.
A rather quaint yarn concerns a certain general officer who was so misguided as to take his son with him as aid. The well-meaning young man, delivering an order to an artillery brigadier, who was feeling a bit lethargic that morning, unwisely said: "If you please, my father wants you to move your guns to so and so." "Very well, my boy," replied the brigadier. "Now run along and see what your mother wants done!"

Earth's Energy.
An eminent physicist has estimated that the power developed by a million Niagaras in a million years would not equal the energy expended by the earth in a single second as it circles around the sun. And yet so perfect is the mechanism that, flying around its axis at an equatorial speed of more than a thousand miles an hour, and around its orbit at more than 1,100 miles a minute, all the mundane influences of which astronomers know could not change the length of its day as much as a second in a hundred years.

Chime and Chimes.
It is no "positively incorrect" to use the word chimes. "We have heard the chimes and quiet Master Shallow, exclaiming: 'Hark! the chimes of London!'" said the "Chimes of London" is an expression that has been used for centuries, too, a thousand times.

A Hot Chocolate And A Sandwich

That's a great lunch for you these afternoons when you are shopping and feel the need of something that will tide you over until suppertime. We always have several kinds of sandwiches and the hot chocolates we are serving are making a reputation for us.

THE PROPOSED "NORTHERN CENTRAL ROUTE"
Only about ten miles of well nigh impassible mountain road stands between the linking up of all the northern central counties and the Buffalo and Olean territory with the William Penn Highway and the Lincoln Highway.
It is hardly believable that this route has been overlooked for so long. It is as direct as any road in this state can be and comes straight down across the state from Buffalo, N. Y., to Bedford, where it joins the Lincoln Highway.
Get out a map of Pennsylvania and lay a ruler or straight-edge from Port Allegheny in McKean County to Bedford on the Lincoln Highway and see how near to a straight line it is in preference to the present used route.
The drawing shows quite plainly the great amount of already improved highway. Of the proposed route it would be necessary for the state to widen and re-construct only about ten miles of mountain road, as the balance is already in very good condition and would require only maintenance.

The desirability of this cross-state route was fully recognized by the legislature as early as 1863, when that body named it a state highway.
Again, when Governor Sproul as a State Senator laid out what is known as the Sproul system of highways connecting county seats, that far-seeing business man, specified this route. Why it was changed is another story, but as a result of that change travelers from Philadelphia, Baltimore and all points east and south, are traveling a distance of seventy-three miles from Clearfield to St. Marys, whereas had the original route been retained the distance would be only thirty-six miles.
The bad end of the proposed route leads through Pine township, 20,000 of whose 23,000 acres is state owned land, used for state forests, forest nursery, game preserves, etc. It has less than a dozen taxable citizens and only three thousand acres of taxable land and therefore no revenues accrue out of which the road could be built or maintained. The large amount of state land there would make it seem only right that the state look after its road.

It should seem to be in the line of conservation to do so. The state has thousands of dollars invested there. The roads are in such shape that at times trucks and other vehicles which are used to carry fire fighters and other state laborers, can not get through. Great expense is incurred in the carrying on of the state's business by reason of the transportation difficulties.
The fact that the adoption of this route by the state would cut about thirty-seven miles off the distance between Clearfield and St. Marys for travelers east and west and north and south through the state, that it would afford better protection to the state forests, that it would restore the original intent of the framers of the scheme of state roads to connect up county seats and that practically the only cost to the state would be maintenance, we believe warrants this route being adopted as a state highway.

We recognize that the condition of the state's finances will not permit of any road building not now on the program for completion during the coming two years, during which time we believe that the capable administration at Harrisburg will have things in such shape that more construction work can be undertaken.
The purpose of the present undertaking is to have this route recognized as sufficiently important to the people of the state to warrant the commonwealth adopting it and eventually maintaining it as an aid to transportation and a safeguard to the wonderful forestry plant it reaches.

Destiny
has been decided for many a man by just that one little dollar he has saved every day for the last five years. When your big opportunity comes will you be able to seize it?

Better in the Trenches
Walter—The two soldiers' table d'hôte, sir? Take my advice, and don't you touch it. I've stood the food here for close on twenty years but it's got me beat at last and I'm resigning, sir. Parrrin' the disadvantages of an in no experienced waiter would give a 'healthier meal in the trenches any day of the week, sir.—The Star Show
Heart Beats Individualistic
An English scientist believes there is an individuality in heart beats affecting the handwriting to such a degree that it can be of use when the writing is magnified.
Was First in Gen.
Charlemagne was the first person to assume the name of Caesar.

Kellogg's Bran gives permanent relief because it is ALL BRAN!
Every member of your family will enjoy better health—eat better, work better, sleep better—if they eat Kellogg's Bran regularly. Its natural, positive work for health is actually a blessing to humanity! Kellogg's gives permanent relief from constipation because it is ALL BRAN! It is scientifically prepared to relieve suffering humanity from constipation.
Kellogg's Bran cleans and purifies the drainage channel; it clears away toxic poisons and frees you from the ravages of such dread diseases as Bright's disease, etc., as well as sick headaches, rheumatism and mental and physical depression. A week's trial of this great natural food will prove that its work for health is wonderful!
Consider Kellogg's Bran as a food. It is not a laxative nor a medicine. Bran is the outer coating of whole wheat and contains such nourishing factors as mineral salts and other elements vital in sustaining life.
Kellogg's Bran is cooked and all ready to eat. It is delightful as a cereal, or sprinkled over your favorite hot or cold cereal. Another good way to eat it is to cook or mix it with a hot cereal. In preparation, all two tablespoonfuls of bran for each person.
Delicious bakery batches are made with Kellogg's Bran. Recipes are printed on each package.
DO TWO THINGS—1. Eat Kellogg's Bran each day for permanent relief from constipation and be certain to eat at least two tablespoonfuls, in chronic cases, with each meal.
2. First-class hotels, clubs and restaurants serve Kellogg's Bran in their vital packages. Ask for it at your restaurant. All grocers.

ANSWER THE
WEEK-END CANDY
PROBLEM IN THE
EASIEST WAY

WILL RESIDE IN PITCAIRN, PA.

Richard H. Smith, son of Mr. and Mrs. Parson C. Smith, of Pitcairn, Pa., and Miss Ava E. Mackenzie, daughter of Mrs. Neil Mackenzie of Karthaus, Pa., were married last night at 8:45 in St. John's Lutheran church by the pastor, Rev. E. Roy Hauser, who used the beautiful ring ceremony in uniting these two hearts as one. They were attended by Mr. and Mrs. C. D. Kline. The bride is a sister of Mrs. Kline.

After a wedding tour to Elizabeth, N. J., Atlantic City and points in New York state they will be at home to their many friends at Pitcairn. We wish them a happy voyage over the Sea of Life.

Protests Against Stiff
Swollen Tortured Joints

Rheumatic Or Otherwise

Says: "When Joint-Ease Gets in—
Joint Agony Gets Out."

It was a high-class pharmacist who saw prescription after prescription fail to help hundreds of his customers to get rid of rheumatic swellings and stiff inflamed joints.

And it was this same man who asserted that a remedy could and would be compounded that would make creaky, swollen, tormented joints work with just as much smoothness as they ever did.

Now this prescription, rightly named Joint-Ease, after being tested successfully on many obstinate cases, is offered through progressive pharmacists to the millions of people who suffer from ailing joints that need limbering up. Swollen, twingy, inflamed, stiff, pain-tormented joints are usually caused by rheumatism, but whatever the cause, Joint-Ease soaks right in, through skin and flesh and gets right to and corrects the trouble at its source.

Remember Joint-Ease is, for ailments of the joints, whether in ankle, knee, hip, elbow, shoulder, spine or finger, and when you rub it on, you may expect speedy and gratifying results.

It is now on sale at druggists every where for 60 cents a tube.

CLAFIN SISTERS WERE
BORN AT BEECH CREEK

Beech Creek, Pa., Jan. 25.—The recent editorial in the Altoona Tribune on the subject of the death in London last week of Lady Francis

Cook, formerly "Tenny" Clafin, pioneer suffragette, attracted much attention in this community, as both Lady Cook and her sister, Mrs. Bidolph Martin, were born here, while their father "Buck" Clafin kept store on the site now occupied by W. F.

Hess & Son's emporium. The elder Clafin was of New England origin, and came to Central Pennsylvania with the influx of "Yankee" woodsmen, and log-floaters, before the Civil War, and is remembered by older residents as a man of high principles and

of more than ordinary business sagacity. "Tenny" Clafin as a girl wore bobbed hair and was said to be the first girl in Clinton county to adopt this style, so popular among the early Pennsylvania Indian maidens.

Ten Great Historical Paintings

Commemorating Heroic Exploits of the United States
Navy Reproduced in Actual Colors of the Original
Paintings Will Be Issued as Supplements of the

SUNDAY PUBLIC LEDGER

Beginning January 28

The First of the Series Will Be the

"Surrender of the German High Seas Fleet"

PAINTED BY BERNARD F. GRIBBLE

ON NOVEMBER 21, 1918, the German high seas fleet surrendered to the British Grand Fleet, accompanied by the American battleship force, at a rendezvous about forty miles east of the Island, which guards the entrance to the Firth of Forth. The Grand Fleet was ranged in two parallel columns six miles apart, between which the surrendered ships proceeded and were escorted to their anchorage for internment.

THE AMERICAN battleship force occupied a position in the middle of the north line of the Grand Fleet. The English and American ships flew their battle flags; the German ships their national colors, which at sundown were lowered, never to be raised again. The painting shows Admiral Sims viewing the German ships from the deck of his flagship.

THIS SERIES of ten historical paintings was executed at the authorization of the Bureau of Navigation of the United States Navy Department by ten world-famous artists. The Public Ledger has secured the exclusive right of reproduction and distribution of these paintings, 11"x16 1/2", printed on high quality paper and suitable for framing.

The Other Nine Pictures in the Series Are

Gossip For Tonight's Tea Table

Miss Mary Swope, Curwensville; Dr. and Mrs. Henderson, of Phillipsburg; and James Allport, of Barnesboro, attended the Stewart-Lyster wedding yesterday.

Mrs. John Barrett left today for Renova.

Mrs. D. W. McCurdy gave a dinner party at her home last evening.

Miss Mabel Buchanan is recuperating from an attack of grippe.

Mrs. George Woodson of Bellefonte is visiting Mrs. Carrie McGaughey.

Misses Marian Hile and Genevieve McJoyce are attending a house party at State this week-end.

Ralph Mahaffey is ill with grippe.

Mr. and Mrs. J. M. Fiesch of Rochester, N. Y., returned home on Wednesday after visiting friends at Clearfield and DuBois.

Vernon Caldwell, assessor of Lawrence township, made his returns to the Commissioners' office yesterday.

R. R. Silverman has returned from a trip to Indiana and Altoona.

Miss Darby, a member of the faculty of the High School, is ill with grippe.

Mrs. John Buchanan has returned from Williamsport, where she attended the funeral of a relative.

A. M. Wright, Sr., has returned from an extended business trip thru the East.

Miss Catherine Etzweiler has returned from a trip to Philadelphia.

C. O. Norris and H. J. Thompson, prominent coal business of Curwensville, transacted business at the Court House yesterday.

Mr. and Mrs. A. W. Lee, Jr., attended the Scottish Rite reception in Williamsport. Mrs. Lee went on to Philadelphia where she will spend several days.

ARTMETAL DESKS ARE ECONOMICAL

These desks are making a hit with the business man who wants the maximum of efficiency in his office. There isn't an inch of waste space in them and yet there is plenty of room for the proper conduct of any business.

Let us show you about them.

WEST SIDE BIBLE CLASSES HOLD ROUSING MEETINGS

Meetings of the two adult Bible classes of the West Side M. E. church, held in the Sunday school rooms of the church yesterday evening, witnessed the formulation of plans that will have a very significant influence on the work of the church the coming year. The classes conducted their regular sessions separately and then combined for a social hour around the banquet table in the basement, which was enjoyed by about eighty men.

Election of an executive committee to preside over the affairs of the class, with power to appoint officers and name the chairmen of all committees was the first concern of the Men's Bible class. After a great deal of discussion and many trial ballots, the following men were elected: For period of one year—P. T. Flaherty, John Boyce, Fred S. Retalic, Ralph Jordan; for period of six months—A. P. Walker, R. Freeman Smith, and Guy V. Shaw.

The secretary's report for the year showed a total attendance for the year of 3,204, an average attendance each Sunday of 61.6, and an attendance of 155 on May 2 as the record for any one session. He also reported \$975.47 as the amount handled by the class during the same time. W. H. Zeigler, Prof. O. W. Schaeffer and Percy B. Young received honorable mention for their perfect attendance during the year.

C. I. C. Bible class had about thirty members present at a rousing meeting. Reports showed the class had cleared almost \$125 on their recent supper and that the treasury was in fine shape to begin the work this class is planning in connection with the new church.

L. J. Boyce, teacher of this wide awake bunch, outlined a splendid plan he had worked out for conducting C. I. C.'s part in the new church campaign which opens Sunday. The plan called for the consolidation of personal subscriptions in a class fund and the result of its application at last night's meeting will be announced Sunday.

Mrs. C. G. Johnston's class of young ladies served a splendid luncheon at the combined social meeting of the classes and both bodies of workers voted that this method of conducting class meetings was the best yet.

It is planned to hold many similar get-togethers hereafter and it is certain these meetings will make West Side M. E. a busy place.

The Camel.

When man first saw the camel, he was so frightened at his vast size that he fled away. After a time, perceiving the meekness and gentleness of his temper, he summoned courage enough to a breach him. Soon afterwards, observing that he was an animal altogether deficient in spirit, he assumed such boldness as to put a bridle in his mouth, and to set a child to drive him. Use serves to overcome dread.—From Aesop's Fables.

Famous Hymn Credited to Saint. A famous hymn, "The Day Is Past and Over," is believed to be a translation from the Greek and written by St. Anatolus.

Having Your Hair Dressed To Suit Your General Make-up

Every woman has a certain way in which her hair should be treated that makes her look so much better than the ordinary ways. There is a way in which it can be dressed that will improve your looks a hundred fold.

A special study of the various modes has given me an experience that is at your service. You'll be surprised at the improvement in your looks when your hair is dressed as it should be.

Drop in and let's talk it over.

Ouch! Aching Joints, Rub Rheumatic Pain

Rub Pain right out with small trial bottle of old "St. Jacobs Oil."

Rheumatism is "pain" only. Not one case in fifty requires internal treatment. Stop drugging! Rub soothing, penetrating "St. Jacobs Oil" right into your sore, stiff, aching joints, and relief comes instantly. "St. Jacobs Oil" is a harmless rheumatism liniment which never disappoints and cannot burn the skin.

Limber up! Quit complaining! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, and in just a moment you'll be free from rheumatic pain, soreness and stiffness. Don't suffer! Relief awaits you. "St. Jacobs Oil" is just as good for sciatica, neuralgia, lumbago, backache, sprains.

Bring Us That Prescription

You will find that we observe a degree of accuracy in the filling of prescriptions here that will augur well for the working out of the doctor's idea when he wrote it.

**Aughimbaugh's
DRUG STORE**

WHOSE BIRTHDAY COMES IN FEBRUARY?

You will probably have some friend or some member of the family who has a birthday in February and you will want to remind them of the fact by giving them some little gift.

This store is filled with gifts, small gifts that are inexpensive and then, too, there are the more expensive ones, but you will easily find something here that will meet with your idea of a gift and which will also meet with the amount of money you can spend.

Drop in and shop 'round.
